WHAT IS UCOWR?

UNIVERSITIES AND ORGANIZATIONS
LEADING IN EDUCATION,
RESEARCH, AND PUBLIC SERVICE
IN WATER RESOURCES

Universities Council on Water Resources (UCOWR) institutional members and delegates are leaders in water resources related research and education and represent various fields of natural and social science. In addition to our annual national conference, UCOWR publishes the *Journal of Contemporary Water Research & Education*. As our members will attest, annual membership in UCOWR provides considerable benefits, including:

- * Hardcopy and Electronic Subscriptions to the *Journal of Contemporary Water Research & Education*
- * Reduced Registration Fees at the UCOWR/NIWR Annual Conference
- * Increased Networking Opportunities with Water Resources Leaders in Business, Government, and Academe
- * A Voice in the Governance of UCOWR (1 lead delegate and up to 7 additional voting delegates)

Institutional and individual memberships are available. If you would like to join UCOWR, please visit www.ucowr.siu.edu or call 618-536-7571.

2007 ANNUAL CONFERENCE

July 24-26, 2007

Boise, Idaho

Hazards in Water Resources

Call for Papers
Deadline: December 4, 2006

Conference Theme

Hazards in Water Resources

Floods, droughts, hurricanes, sabotage, toxic spills, mechanical breakdowns and other hazards pose similar policy, management, scientific, and technical challenges for water resource systems. Moreover, these challenges are increasing.

The Universities Council on Water Resources and the *National Institutes for Water Resources* invite you to the dynamic and growing Rocky Mountain city of Boise, Idaho to participate in an exchange of research, education, policy analysis, and management experience in understanding, preparing for, and mitigating the consequences of water resources hazards.

Presentations on these Topics are Welcomed

- ◆ Floods
- ◆ Droughts
- ◆ Climate Change
- ◆ Terrorism
- ◆ Tsunamis and Earthquakes
- ◆ Water-Borne Diseases
- ◆ Contamination Hazards
- ◆ Katrina
- ◆ Pyroclastic Flows and Landslides
- ◆ Hazards from Water Management
- ◆ Risk and Hazard Management
- ◆ Risk Analysis
- ◆ Innovations in Flood Management
- ◆ Hazards of Inaction
- ◆ Political Hazards

Boise, Idaho

Boise is a delightful blend of traditional and non-traditional sights and attractions. The City of Trees boasts one-of-a-kind museums and urban parks, a river flowing through the heart of the city and a 25-mile river front greenbelt. Southwest Idaho's easily accessible outdoors beckons the Boise visitor to enjoy nearby mountains, desert sand dunes, canyons and whitewater rafting rivers. Its pleasant summer climate, recreational and cultural activities, and convenient airport combine to make Boise an exceptionally attractive conference site for attendees and their families.

Conference Hotel

The Grove Hotel is Boise's only Four-Diamond rated hotel. It is the ideal blend of business, recreation, and elegance with a large conference area, beautifully appointed guest rooms, suites, condos, and restaurants and lounges. Its downtown location is perfect for enjoying other Boise attractions.
