

UNIVERSITIES COUNCIL ON WATER RESOURCES

2004 Ph.D. DISSERTATION AWARD WINNERS

The Universities Council on Water Resources (UCOWR) Research Committee selected the 2004 dissertation award winners. This year following two awards were presented to the best dissertations by-

- Kimberly Hageman, Oregon State University, “Measuring in situ reductive dechlorination rates in trichloroethene-contaminated groundwater”
- Patricia Saco, University of Illinois (UIUC), “Flow dynamics in large river basins: self-similar network structure and scale effects”
